

## Healthcare Services Group

---

KLR's Healthcare Services Group is a unique team dedicated to serving physicians and physician practices. We encompass much more than just practice management, our unique mix of strategic planning, hands-on practice management and healthcare consulting expertise, combined with the accounting and business knowledge of KLR allows us to identify and implement solutions . . . achieving the goals of the physicians we serve.

**KLR Solution . . .** Whether you engage us for specific consulting projects, management support or comprehensive practice management, we can help you:

- Maximize earnings and productivity while minimizing overhead
- Develop special compensation allocations for multi-physician practices
- Develop strong internal controls

---

### How We Can Help

We understand the complexity of the business of medicine and the pressures of running a practice. Trying to balance the rising business costs and the decreasing revenues, while meeting the demands of patients, employees and insurance payors leaves little time to actually practice medicine. We understand because we have helped physicians and physician groups to achieve a balance of financial and operational priorities.

Our seasoned professionals all have firsthand experience in various practice environments. Educational and professional achievements include advanced degrees, CPA, CFP, PFS, CBA, ABV, CVB, etc. and their professional memberships include American Institute of Certified Public Accountants, RI Society of Certified Public Accountants, MA Society of Certified Public Accountants, Medical Group Management Association, to name a few.

# What We Provide

---

KLR's CPAs provide physicians with expertise in all aspects of accounting and business management, while the Health Care Services Division streamlines physicians' practices by offering practice management consulting, corporate compliance assistance and practice development services.
